Net Cash Flow	$10,000.00

Note: No transaction data available. Upload transaction file for complete activity details.

Financial Planning Notes

Planning Recommendations

Your retirement plan remains on track with a 95% probability of success. Continue maximum 401k contributions and consider Roth conversions in lower income years.

2026 Action Items

- Fund Roth IRA contributions for 2025
- Review beneficiary designations on all accounts
- Schedule tax planning meeting before year-end

Next Review

Your next scheduled quarterly review meeting is tentatively set for mid-March 2025.

Important Disclosures

Past Performance. Past performance is not indicative of future results. All investments involve risk, including the possible loss of principal. Investment return and principal value will fluctuate so that an investor's account, when liquidated, may be worth more or less than originally invested.

Performance Reporting. Performance is presented net of advisory fees and is calculated using a time-weighted return methodology. Returns for periods greater than one year are annualized. Benchmark returns are for the S&P 500 Total Return Index, which is unmanaged, does not incur fees, and is not available for direct investment.

Benchmark. The S&P 500 is provided for general comparative purposes only and may not represent the specific investment objectives, risks, or fees associated with the client's portfolio.

Advisory Fees. Wealth Management Firm charges an annual advisory fee on assets under management, billed quarterly. Fees are debited directly from client accounts and are reflected in the net-of-fee performance figures presented in this report.

Not a Tax Document. This report is not a tax document. Clients should rely on their official custodian account statements and IRS Form 1099 for tax reporting purposes. Please consult your tax advisor regarding tax implications of any investment activity described herein.

Data Sources. Market values, prices, and performance data are sourced from the account custodian and are believed to be accurate as of the report date, but are not guaranteed. Minor discrepancies may exist due to rounding.
